[LinkedIn](#)

I Naveen, a diligent B-tech(Mechanical) in Vignan's Institute of Information Technology. Eager to absorb as much knowledge and insight as possible in the pursuance of my goals, I am seeking a better position to utilize my skills and abilities towards the growth of the organisation through continuous learning and professional growth while being resourceful, innovative and flexible.

Skills

- Front end Dev,
- C, C++, Basics of Java,
- Microsoft Office (Excel & PowerPoint)

Education

Vignan's Institute of Information Technology
Mechanical Engineering

Visakhapatnam, AP
Graduation Date: February 2022

Projects

Web design: Creating a Web Page Templates

I have made some Web designing Templates and uploaded them on Git hub this web design allows users to visit the home page (regarding some information of that web) and also connect the links to another page. I made templates by using HTML, CSS and Bootstrap

Personal Project: Hero MotoCorp

Performed in industrial training program. Customer who placed the vehicle in showroom have to analyse and review the problem with correct solution

Academic Project: Quality Testing

Performed a project on Applications of Taguchi method for optimization of process parameters in improving the surface roughness of using cnc lathe turning operation.

Extracurricular Activities

- SAC member for 2 years (student organisation)
- Participated and won in “Assembling and disassembling of IC Engine” competition in VIGNAN VISTA2K17
- Participated in organized activities, events at intercollegiate fests.
